

**DIESEL ENGINE SALES & SERVICE**  
QUALITY SERVICE PROVIDERS

## ● About Us

Incepted in the year 1989, DESS is one of the top suppliers and service providers of diesel engines and gen-sets. We offer a wide spectrum of services which includes sales, installation, commissioning of gen-sets, generator rental services, generator preventive maintenance, generator repair services, overhauling and much more.

Modern infrastructure along with experienced and highly proficient team of industry experts provides sound foundation to our organization. Our expert technical staff is equipped to deal with the most critical situations with absolute ease and within the shortest possible time. Our experience and expertise in handling projects of varying enormity has provided us with the extra edge to maintain our loyal customer base.

We, at DESS, are committed to offer best services to our clients. Our capital concern is clients' satisfaction. Our unequivocal commitment to stringent quality control and customer centric approach has helped us create a niche for ourselves in the industry.

Last but not the least, we always strive hard to fulfill our customer's requirements and satisfy them in the most efficient way

## ● Mission

Our strength lies in our offer to one window service for customer requirements, providing total solutions & in our commitment to achieve total customer satisfaction **ON TIME - EACH TIME**

## ● About the Chairman

Rajan Vig

With a background of Electro Mechanical Engineering, Mr. Rajan Vig has an experience of more than three decades. He had also worked in Kirloskar Cummins Ltd. (KCL) at various senior level capacities. A great business sense combined with technical acumen, he started his own venture named Diesel Engine Sales & Service in the capital with a team of Electro Mechanical Engineers to provide the best solutions and services in the power industry. He is a firm believer in values; business ethics is what he firmly imparts to all his fellow colleagues.
